Reflections

Seniors

How did it get so late so soon?
It's night before it's afternoon.
December is here before it's June.
My goodness how the time has flewn.
How did it get so late so soon?

The Senior Class of 2011

Example is not the main thing in influencing others. It is the only thing. ~Albert Schweitzer

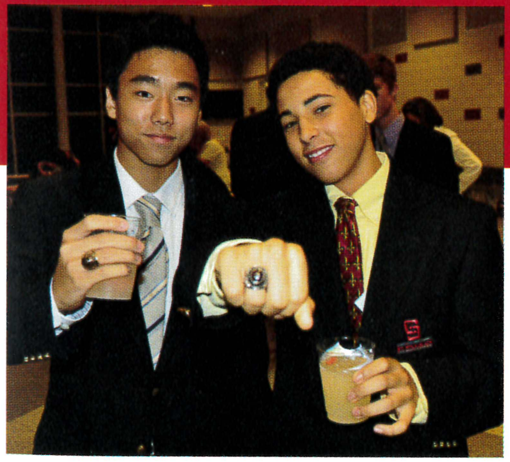
On September 8th, 2010, the Senior Class received their rings. Taking into account the shape of a ring, this unbroken circle does truly mean something. It stands for the unity of the Senior Class, with the student body, and with the thousands of men who have come before them. It also symbolizes the leadership role of the Seniors to the underclassmen, who do in fact look up to them.

Senior Ring Ceremony

Jake Forstall, Ryan Weitzel, and Will Ashley pose together at the reception.

Father Dennis J. Carver blesses the rings.

"To me, my ring stands for accomplishment; that all my hard work has paid off and the end of high school is finally here." ~Brandon Bunol



Daniel Yi and Royce Rollins proudly show off their rings.

Johnny Miller and Chris Lapniewski show off their rings.

Leadership is based on a spiritual quality; the power to inspire, the power to inspire others to follow. ~Vince Lombardi

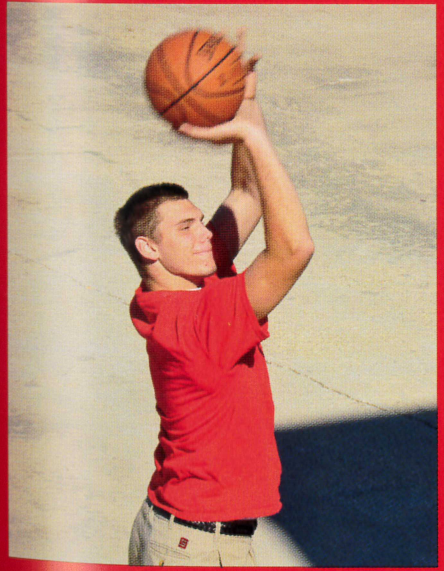
The House System

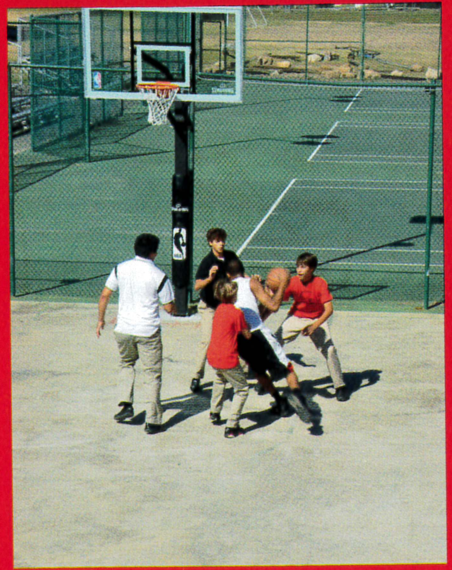
The House System is a long-rooted tradition in the English and European School Systems, and our model is taken from fellow Brothers of the Sacred Heart School, St. Columba's College, in England. The House System vertically integrates students across all years into four groupings. The four houses at SSC are named after four Brothers of the Sacred Heart Schools around the globe; St. Columba's in the United Kingdom, Cristo Rei in Brazil, St. Michel in Cameroon, and Cor Jesu in the Philippines. Each House has its own insignia. Various competitions produce points for the House, which are tallied over the course of the year. The House Cup is awarded to the overall champion, with a plaque added to the permanent trophy, designating the winner for that year.

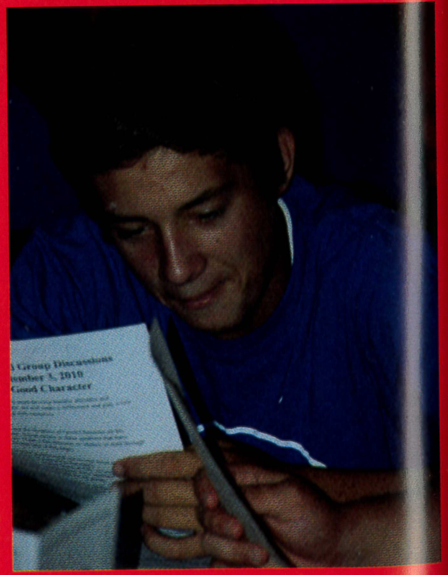
Colegio Cristo Rei is a Portuguese speaking school from pre-k to 12th grade, in the Brazilian town of Maranila. Four Canadian Brothers of the Sacred Heart arrived there in 1959, and began the school with just 45 students. Now the co-ed school has grown to 1,500 students following a complete curriculum modeled to the English system of education, and state of the art media and technology facilities. Cristo Rei has a sports program that resembles those in the United States, with competitive teams in girls and boys basketball, volleyball, and soccer.

St-Michel, an urban secondary school in the heart of Douala, the capital city of Cameroun in West Africa, is structured like the French system of education. It has a "college" level, which corresponds to grades 8 to 11, and a "lycee," which covers the senior year and a year of university level courses. Lycee students must pass an international examination to earn a post in the national university. St-Michel has more than 2,000 students. In Francophone Africa, where "foot" is a national pastime, its front yard is a regulation soccer field used by students of the school and by semi-pro leagues.



The address of St. Columba is 8 King Harry Lane, St. Albans, Hertfordshire, United Kingdom, just a short train ride from London. Brothers from the United States took charge of it in 1955 and chartered it in the British school system as an independent Catholic school, which sets it apart from most English secondary schools. The school roll comprises 850 boys. At the end of the secondary school cycle, students can continue a prestigious final year called "A level," which prepares them for entry into university. It has close ties with other Brothers' schools using the British system in Zambia, Southern Africa.





Located in Digos on the southern Philippine island of Mindanao, Cor Jesu College was founded by Canadian brothers in 1959. Because of the number of its programs, it spreads out over two separate campuses which house a kindergarten, an elementary school, a four-year high school and a College department. Because it is the only institution of higher learning in Mindanao, the college division offers bachelors degrees in Education, engineering, business, and other majors, as well as graduate degrees in Law, Business, and Library Science. Cor Jesu College boasts of alumni all over the world.

DEBATE

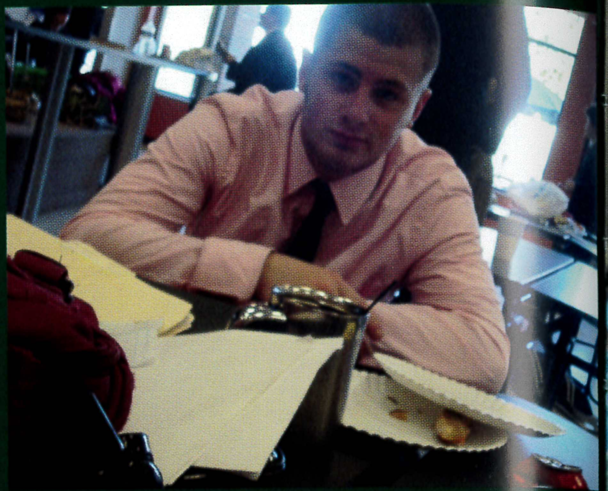
Hanna Schloemer and Ryan Joachim win 3rd Place in Policy Debate.

Chris Perkins and Clint Vancourt win 1st Place in Policy Debate.

Manch Cadwallader advanced in LD Debate and Impromptu Speaking.

Louis Rossignol and John Kelly hold the 1st Place "Best New" Team Trophy.

The purpose for Debate Team is to allow students to actively, and intelligently, debate topics against other students around the state. The debates range from Lincoln Douglas to Policy, and creative events range from Humorous Interpretation to News Broadcasting. While some say the major goal of debate is the art to develop one's ability to play from either position of an argument, most would say the best part is simply having fun while competing.



Dan Englehart prepares for his next competition.

"I love argument, I love debate. I don't expect anyone just to sit there and agree with me, that's not their job." ~Margaret Thatcher

A WORD FROM YOUR STUDENT COUNCIL PRESIDENT AND VICE PRESIDENT

"Serving as Student Council Vice President for the 2010-2011 school year has been quite a ride. Coming into the school year Chris Frigo and I were joking about running for Student Council and about some crazy ideas we had. We started talking about it a little more and we started getting serious about it. Chris and I decided to run in a joint campaign and ended up getting elected. This year, Student Council has accomplished a lot. When people talk about Student Council the first thing they usually say is something about the epic Homecoming Pep Rally we had, but we did a lot more than just that; we have set up intramural activities, raised money for charity and future student councils, and voiced the student suggestions to the Administration. We have been really active this year in Student Council and hope we have set a good example for future generations as SSC. Being Vice President has been a great experience and I will always remember it. I am very thankful for being given the opportunity and I would like to thank all the students who voted for me. Thanks for a great year everyone take it easy, I wish nothing but success. Peace."

Robotics

The Robotics Club prepares students for inter-scholastic competition in the design, construction, and competitive demonstration of robots. The Junior High Robotics Club members develop skills and expertise for entry into the High School Robotics Team later on. This year, the Robo-Rocks had to construct a ROV that could perform certain underwater tasks. As one team member said "It took a lot of time and effort, but it was worth it in the end to see everything flow together." This year the Rocks were successful in Houston, Texas, where they traveled for their underwater competition.

To the left is the underwater course that the "Rock-A-Jaw" had to maneuver through. Swimming through hoops, capping off open pipes, and moving objects were only a hand full of actions that had to be performed through out competitions.

Student Ministry

Student Ministry is a valuable experience offered as part of the St. Stanislaus campus ministry program. It is designed to instill leadership skills and to enhance personal and spiritual awareness towards the service of others. Throughout the course of the year, Student Ministers host several retreats ranging from various grades, all of which take great time and dedication. From planning the retreats to successfully carrying them out, the student ministers continuously work to impact the lives of students in a positive manner.

"I was privileged to get to know fellow classmates and underclassmen through different retreats we put on. Student Ministry has not only helped me acquire important life and social skills, but also encouraged me to develop a deeper relationship with God."

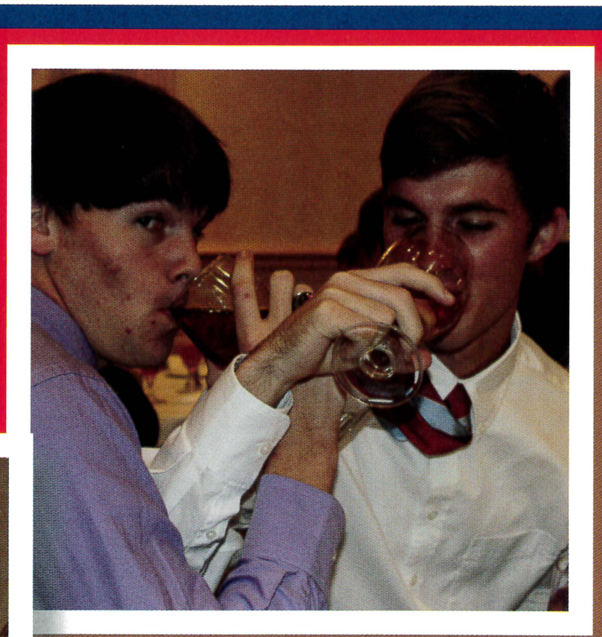
Youth Legislature

Youth Legislature is composed of a group St. Stanislaus' Delegates to YMCA-sponsored conference held at the Mississippi State Capitol Building in Jackson during November. The conferences are "mock legislatures" during which students write and submit bills: serve as Senators and representative, and other officials: and debate and pass legislation in the actual state legislature chambers in Jackson. This year Junior Alden St. Mary was elected Lieutenant Governor of the Mississippi Youth Legislature and Junior Josh Gibson was elected House Sargeant at Arms. Faculty moderators named Senior Brandon Bunol Outstanding lobbyist, and Juniors Thomas Allard and Daniel Kergosien Outstanding Legislators.



Junior Youth Assembly

In the spring session of Junior Youth Assembly led by Mrs. Walters, students traveled to Jackson, MS. At the Conference, Eighth graders Nick Romano and Matthew Tucker were named Outstanding Senators, and Alex Denette, Sam Wittman, and Tommy Reeder, were listed as Outstanding Representatives. In addition to these honors, Sam Wittmann was runner-up to be appointed a Committee Chair.

On the diamond, the Varsity Baseball Rocks defeated Newton County in two games, 11-6 and 7-2. In the second round, the Rocks took on Columbia High School. After splitting with the Wildcats, 8 to 6 in the first game, and falling to them 6 to 7 in the second, the Rocks came up a little short after a hard fought contest against Columbia in game three last night, 6 to 7. Thanks, Diamond Rocks, for a terrific season.

The St. Stanislaus Sailing Team won 1st place in the District Qualifiers for the Mallory Cup National Fleet Racing Championship AND the Baker Cup National Team Racing Championship. The qualifiers were held in Austin, Texas on April 16 and 17.

In the Mallory, St. Stanislaus won first place, Rockwall Heath placed second, Brother Martin took third and Lake Travis fourth. The regatta was sailed in light conditions on Lake Travis. Skippers Cameron James and Thomas Phares led the team to victory with their crews Will Ashley and Chris Trapani.

In the Baker on Sunday, St. Stanislaus again placed first followed by Brother Martin and Rockwall Heath. The regatta was sailed in heavy conditions with winds topping 20 knots.

March For Life

From January 21-24, 2011, both OLA and SSC students were selected to attend the annual March for Life protest in Washington, D.C. While there, students actively participated in protests and were also able to view several museums and get an exclusive tour of the Capitol Building by newly elected Congressman, Steven Palazzo. Students left with a sense of accomplishment knowing that they had made a positve contribution to the fight against abortion.

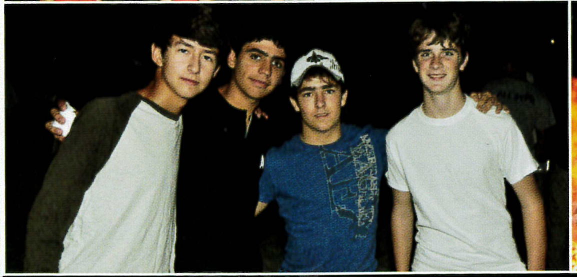
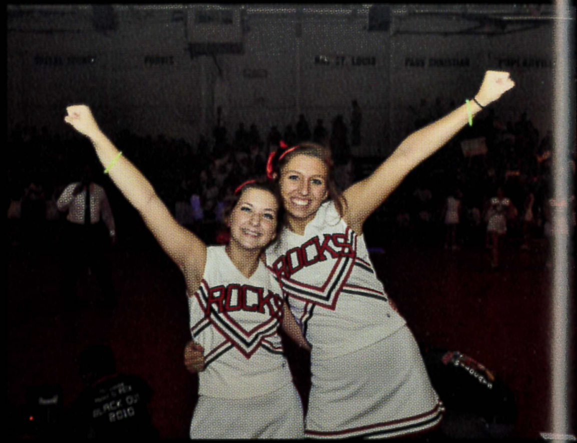
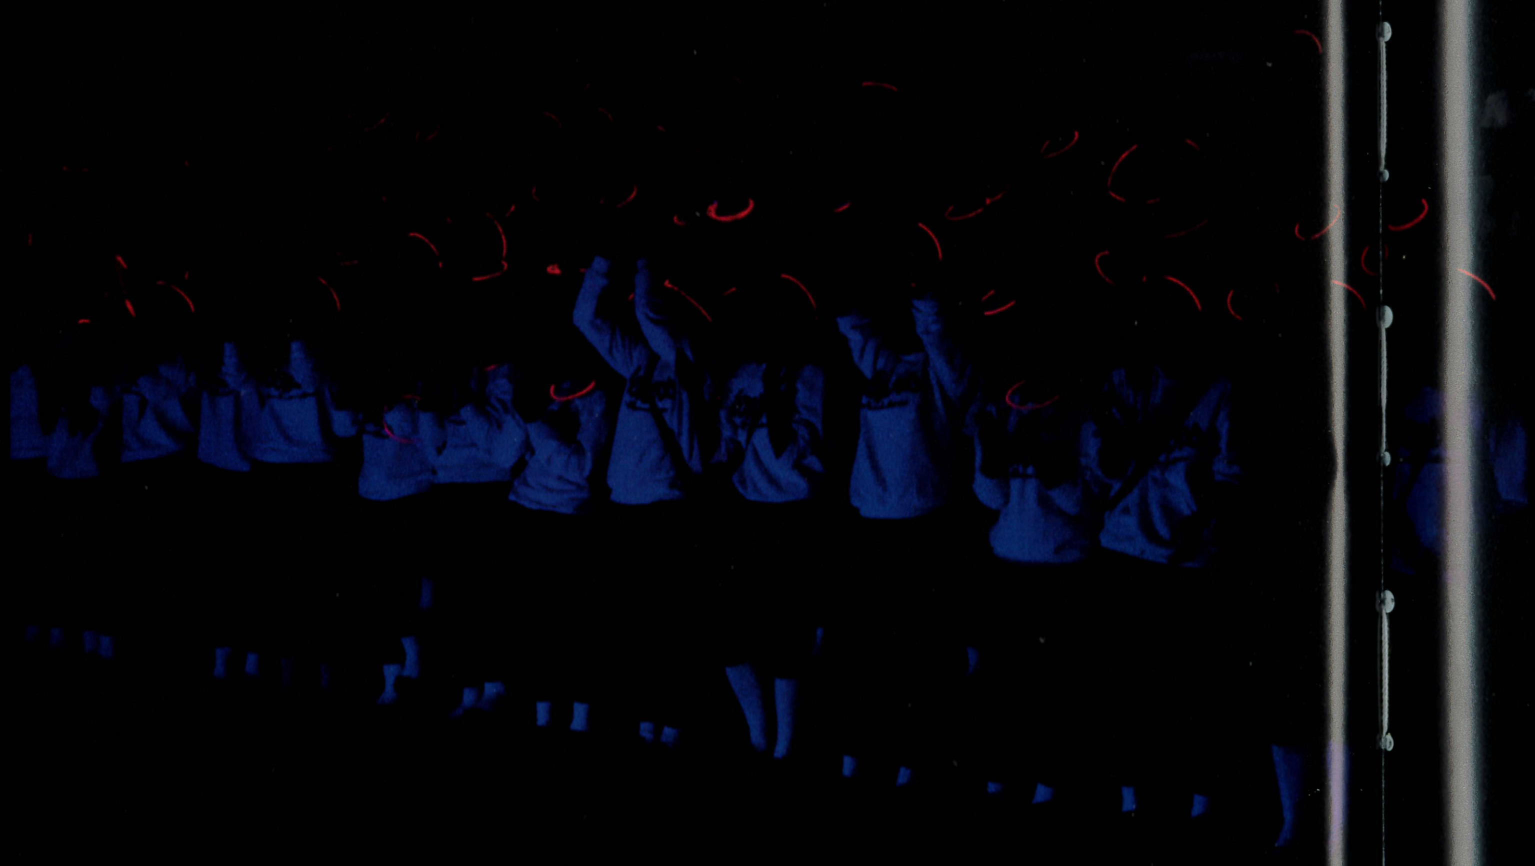
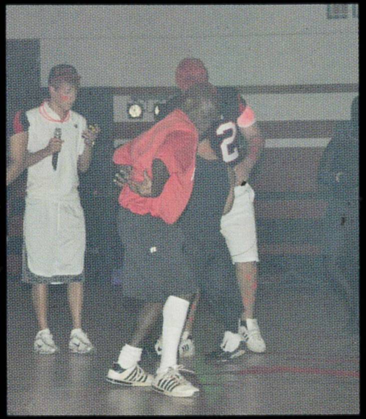
HOMECOMING...

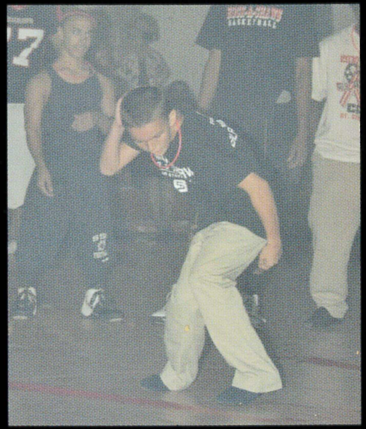


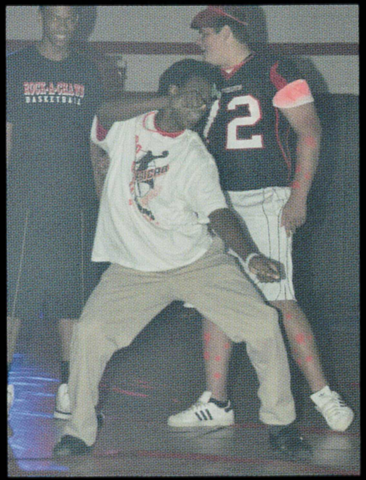


Black Out Pep Rally









With homecoming just around the corner, a pep rally was in order. Student Council was in charge of planning the pep rally and they decided a "black out" theme would be the way to go. So with that in mind the black lights were ordered, strobe lights were hung, the DJ was contacted, windows were covered, and the student body was ready to get pumped up! After a doogie contest and a dunk contest, the Rockachaws were ready to win the homecoming game!

Yearbook Staff

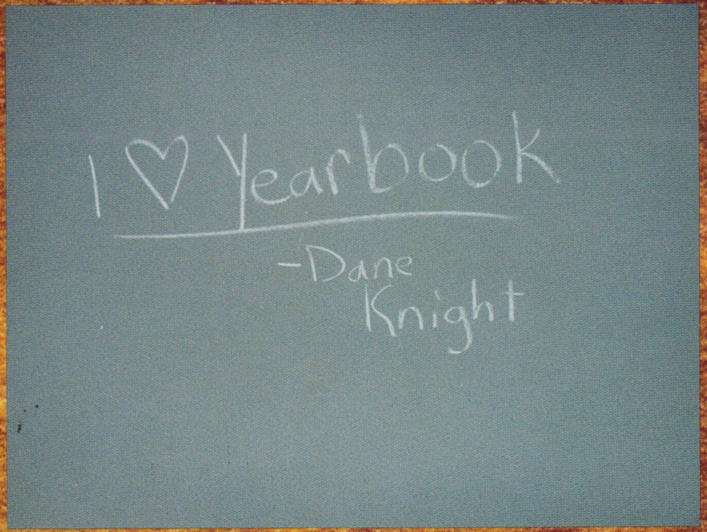
Letters from Yearbook Staff

When I started working on the yearbook, I was shocked to see exactly how much stuff goes on at this school. Seriously, it's pretty insane to look at all the things in the yearbook and think that it is only a little piece of everything that has happened this year. It's impossible to experience everything that goes on so it's nice to have something to give you a glimpse at all of the things you missed out on. I had a great time working on this with everyone else and we hope you enjoy it.

-John Santa Cruz

Letters from Yearbook Staff



The 2010-2011 Yearbook Staff, under the guidance of our Editor in Chief, Ryan Joachim, are very proud of this year's Yearbook. The vast amount of time and dedication that was put into the making of the yearbook was at times very stressful, but when looked back upon, will be viewed as some of the best memories from high school. From the selling of ads, to the various bake sales at lunch, the overall outcome of the Yearbook is worth the many hours of hard work put in by all the staff. This has been an amazing year and I would like to thank Ryan for all he has done in making this yearbook the best one yet!

ROCK-A-CHAW

When I was chosen to be Editor of Reflections I went into it with all the enthusiasm in world. I soon began to realize the main goal that I had to accomplish. to create a book that would not only remind us of what a great year we had, but to create a book that would leave a lasting impression on everyone. We forget a lot of things. They range from the homework we had the night before to even what we had for breakfast. By having this book, we have a constant reminder of what our high school days were really like. We should never forget the teachers we have had, friends that we have made, and memories that were created along the way.

I believe that this year the goal of the Reflections Staff was completed. For the first time in Stanislaus history we have a full color yearbook. It only took 157 years to do so. But of course I could not have done any of this without our sponsors and a great Yearbook Staff. The Staff has devoted a number of Saturdays to work on this book. They had to deal with training from me, errors from the yearbook program, and computers crashing. All while doing this they kept a good attitude and never complained. A lot of people really do not understand just how much hard work it is to create a high-quality yearbook. Many months and planning have gone into this book and I can say, with full confidence, that this is the best one yet.

I would personally like to thank a number of people who contributed a lot to this book. First off would have to be Mr. Gleber. Without him none of this would have been possible. He has had to deal with me many of times knocking at his door asking for more and more pictures. Mrs. Saucier, who has wanted to pull her hair out since day one, has been my go to man, well woman, and I owe her all the thanks in the world. From fundraiser ideas to helping me plan out the cover, she really can do it all. I would also like to thank Mrs. Carneiro for trying her best to help whenever it was possible. Lastly, I'd like to thank all of you, the students, who bought nameplates, candy, and even ads. You guys truly are the ones that made this possible.

So now as this year is finally over, I would just like to say it was a pleasure being the Editor-in-Chief. And as I said before, I hope that the memories made this year, as well as previous years and the years to come, will stay with you forever, and I will make it my goal to create a yearbook that you will never forget.

-Ryan Joachim
